

FOR IMMEDIATE RELEASE

Serouno Group set their sights on world domination with the help of Nonvoice

October 8th 2021, Florida, USA – the latest Company looking to exploit Nonvoice Agency’s unrivalled global network of telecommunications companies and experienced agents is Serouno Group who specialize in enhancing the sports fan experience for mobile phone users around the world. The new partnership with the global 5G app agency will provide direct access to a large user base.

The sports platform that has been developed by Serouno Group provides sports fan with the ultimate experience to support their favorite sport(s). “It is like walking into a virtual shopping mall dedicated to your sports team,” explains Co-Founder and CEO Serouno Group, Xavier Canton. “When you visit a store, you can access everything you could ever ask for such as: Live Streaming of events, AD Games, team merchandise, ticket sales as well as being able to organise your travel to a live sporting event. A one stop ecosystem where the fan would be able to do everything in just one place”.

“In essence the Serouno platform acts as a full-service sports agency for fans with all access 24/7, where you can tell them what it is that you need and if it isn’t already available then they will make it happen,” adds Nonvoice Founder and CEO, Simon Buckingham.

Nonvoice has seen an increase in enterprise apps looking for representation from the agency alongside the more recognizable consumer apps. Some of these include VYRCH, the first full service Mixed Reality (XR) platform for online retail; Spectral DSP, proprietary waveform modulation baseband software for handsets and network towers and PowerMarket which provides solar energy solutions.
